

HECKMONDWIKE  
GRAMMAR SCHOOL

RES/LMS

18 July 2022

Dear parent/carers,

We are currently developing our sixth form enrichment programme to offer new and exciting opportunities for our year 12 and 13 students from September 2022.

We believe that enrichment is a vital part of the sixth form experience as it allows students to develop other skills outside of the taught curriculum, and so we aim to ensure that we provide as many different and interesting opportunities within our enrichment provision as possible.

We currently have a number of things to offer from September, both in and out of school, with all enrichments lasting for a minimum of half a term. However, we are always looking for new and engaging opportunities for our students to be involved in. This can include any extra-curricular activity that will stimulate interest and positively contribute to the personal development of our students.

In addition to the enrichment sessions, we are on the lookout for guest speakers for both year groups to discuss things such as careers and key skills, with a plan to run these talks on a Wednesday afternoon so that all students can attend. We see this as an opportunity to inspire students and prepare them for the next steps after sixth form.

If there is something that you think you could add to our ever-growing enrichment list, or you would like to deliver a valuable presentation to our students, we would be grateful if you could complete the enclosed [enrichment form](#).

We look forward to speaking with you soon,

Miss R Smith  
Post 16 Transition and Enrichment Leader
