Sun Cream

This kit list is to help make this a safe and enjoyable trip

- Group kit should be shared out
- You will be out for 2days and 1night
- Look at the weather forecast as you're packing
- Try and borrow before you buy
- Leave room for food
- Do not bring expensive electronic devices
- Use a cheap 'pay as you go' phone rather than an expensive one
- Remove packaging from things to make them lighter and pack easier
- Use zip lock sandwich bags to waterproof small items, e.g. matches
