Extra CURRICULAR

HECKMONDWIKE
GRAMMAR SCHOOL

This term's range of Extra-Curricular activities and intervention support shows the variety of clubs and societies on offer for our students. Ranging from academic support in classroom-based subjects to developing skills and interests in diverse activities such as chess, Warhammer and Perudo, students can use their spare time developing knowledge of new interests and hobbies as well as brushing up on subjects that may need a little refining. Involvement in drama, music and sport also develops students' aptitudes in practical subjects as well as gaining valuable life skills from these activities.

Remember, any activity attended will gain students '1898 points' which contribute to their House as well as to their own scorecard. We welcome students setting up their own clubs and this will earn additional '1898 points' as well. If you are interested in running a club, please see Mr Barnett.

Please see the screens around school for further details about the activities advertised here. You will also see regular updates and reports in the Heckler.

What are you waiting for? Let's get involved!
