

Extra CURRICULAR 2022/2023

Autumn 2022

HECKMONDWIKE
GRAMMAR SCHOOL

Extra CURRICULAR

Last year saw the launch of the extra-curricular programme with a myriad of activities taking place as varied as chess, yarn, sporting academies, eco clubs and subject specific catch up clubs. Our students really embraced the opportunity of taking part in these clubs and we have just seen the first '1898' awards being presented to students in each year group in recognition of their participation.

The Autumn Term's calendar of extra-curricular activities shows the programme going from strength and there really is something that everyone can get involved in. The problem is less about what you can do, rather than finding the time to fit everything in! It's a nice problem to have, and long may it last. Remember, any activity attended will gain students '1898 points' which contribute to their House as well as to their own scorecard. We still welcome students setting up their own clubs and this will earn additional '1898 points' as well. If you are interested in running a

club, please see Mr Barnett. Please see the Heckler and the screens around school for further details about the activities advertised here.

What are you waiting for? Let's get involved!

	Warhammer/Tabletop Gaming Club Mr Haigh S104	If you are a seasoned veteran, a new conscript or have never played before, Warhammer Club is a place where you can fight battles, construct figures and discuss the lore of the table-top fighting game! For the Emperor!.	All Years	Thu After School
