Medical Science Pathway

Meducators

Wednesday 20 March saw 100 students take part in Medicine and Dentistry workshops delivered by Meducators. The day was a real success and pupils have said they found the ethics part of the workshop invaluable. The students were able to take part in hands on activities such as practising a filling in the dentistry workshops and taking blood pressure and analysing X-rays in the medicine workshops. The students had the opportunity to ask questions which were insightful and intriguing. They learnt all about the different paths the professionals took to get to where they are and not all of these were via the conventional route.

Veterinary Science

Hannah Griffin, a former HGS student, this week came to talk to our prospective Veterinary Science students; Hannah is in her fourth year of veterinary school at the University of Nottingham and spoke to our students about university applications and interviews. Hannah was also able to talk about work experience options and how to get them and life as a veterinary student. Hannah

has recently spent 2 weeks in South Africa working alongside the best vet in South Africa. Her experiences were wonderful to see and a great inspiration for the next generation of vets. Hannah was also able to stay for the afternoon to help some of our students with writing their personal statements and looking at their application. Thank you to Hannah for all your insightful knowledge and helping our applicants with their personal statements and on-going support.

STEM Pathway

11th – 15th March was British Science Week and there were events on through school all week. On Monday 11th, Clare and Aeman from the University of Bradford were in the SCR speaking to Y11s about university life and what STEM routes students can take.

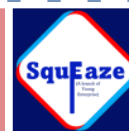

The following day, former student Caitlyn Barker came to speak to our Women in STEM society about the steel forging process.

Squeeze Competition

From Monday 8th April young entrepreneurs are launching a competition where Squeeze logos will be placed around the school. Students can collect them to have a chance to win a prize. The student who collects the most logos during the Treasure Hunt wins. They will need to go to Miss Harker's room (F005) Friday 12th April at lunchtime to submit their logos.
