

What does

Independent Learning in Economics look like?

After Every Lesson

- 1 Read through notes from previous lesson, to consolidate your knowledge
- 2 File all your notes/packs, ensuring they are organised into topic area of your folder
- 3 Highlight any areas that you have not understood – use resources to find out what you need to know
- 4 Ask questions (peers or your teacher) and contribute to the discussions

Weekly

Complete one hour of UPLEARN to match the topics you are studying or about to study in lessons – target 70XP

Use the Course Companion on Teams to consolidate your learning and fill in any gaps in your notes

Practice all diagrams learnt this term

Organise your notes in your folders, using dividers and main section headings

Attend the Interventions sessions if invited (mandatory) or if you want extra support
Complete revision notes on lessons from both teachers

Complete all HW set on time

Fortnightly

Highlight anything that you do not fully understand and bring questions to your lessons

Organise your folder according to the Curriculum Intent document on Teams

Half-Termly

Complete past papers questions and use the mark scheme to self-assess your work this will give you the necessary practise of exam skills which have been used in class
