March 2025

Dear Parent/Carer

### **Year 8 - Your child's Human Papilloma Virus (HPV) vaccine is due**

HPV vaccination is part of the routine immunisation programme and is offered nationally in schools. The vaccine protects against nine types of HPV-related cancers and genital warts. Information about all vaccines can be found here: [Locala Immunisation Service](#)

Please also see the useful link to the effectiveness of the vaccine in recent years: [HPV vaccine stops 90% of cervical cancer cases - BBC News](#)

Additionally, attached is a vlog that you or your child may find interesting: [Episode 10: HPV Immunisation & Volunteering](#) (also available via the link below).

Please click on the link below and use the code provided to complete the Consent Form as soon as possible, so that your child can receive the vaccine: <https://www.locala.org.uk/services/immunisation-service/hpv-north-kirklees>

You will need the following code: **136283**.

If you do not wish for your child to receive the vaccine but do not want to complete the electronic consent form, please email us at [LCP.localachildhealth@locala.org.uk](mailto:LCP.localachildhealth@locala.org.uk) with your child's name, date of birth, and school attended, and confirm that you wish to decline.

If you require any further assistance or help with completing the consent form, please contact the team on **0303 003 4381**.
