Welcome from the Chair of Governors

Dear Applicant,

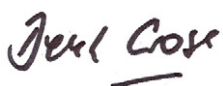

On behalf of everyone at the school, may I take this opportunity to thank you for your interest in leading the team at Heckmondwike Grammar School as the next Headteacher. I hope that you will find this pack helpful in your decision-making, should you choose to apply for this position.

The current incumbent, Peter Roberts has served the school for 16 years, 8 of which as Headteacher. During this time the school has grown from strength to strength in all aspects, including the school estate, its finances and most importantly the students' academic outcomes and progress they make as young adults. Following Mr Roberts's retirement from the school in December 2026, the time is right for a new leader to drive the school to further success and ensure its reputation continues to flourish for future generations to come.

Our reputation is strong locally and regionally and recognised nationally, as illustrated through our No. 1 ranking for the North of England in the Sunday Times "Parent Power Guide" for both 2024 and 2025. At GCSE, the school is ranked second nationally for state coeducational settings. This is an exceptional school.

The origins of the school can be traced back to 1898, and our primary focus is to serve the young people of the communities in the Heckmondwike area and increasingly, wider across Yorkshire, by providing a world-class education for our students. Our school is a high-achieving, oversubscribed, selective, 11–18, co-educational school operating as a Single Academy Trust. We are justifiably proud of the school's history and traditions, and our motto, "Nil Sine Labore" – nothing without work – underpins our core values of Respect, Responsibility and Excellence. With excellence being considered the norm in everything we do.

Why should you choose Heckmondwike Grammar School? All schools will claim to be "special" in some way, but Heckmondwike has a unique atmosphere which must be experienced to understand it: our students are positive, willing and confident young people; all staff – teaching and non-teaching – are committed to the school's success in guiding students to be the best they can be by equipping them with the skills and personal qualities they need to achieve their potential. Our extra-curricular offer should be highlighted as it is an exceptional one that was praised by Ofsted on their most recent visit and is highly valued by us all. Our Governing Body is both fully committed to, and passionate about the school and provides leaders with support and challenge as needed. If you believe you can sustain and develop the character, values and ethos of our school in the role of Headteacher, you should come to see us. I look forward to meeting you.

HECKMONDWIKE
GRAMMAR SCHOOL

About Our School

Heckmondwike Grammar School has a very strong reputation in the local area, regionally and nationally as a school which does all it can to support students in achieving the highest grades and progressing to the best possible destinations.

We have a philosophy based on over 125 years of tradition, that once a Heckmondwike student, always a Heckmondwike student, and our mutual support can stretch way beyond school years into adulthood. Every child really does matter and we work hard to ensure that no student is left behind. Our strategy involves a safety net made up of a combination of Subject Leaders working with classroom teachers to maximise progress, alongside Heads of Year, form teachers and pastoral support staff to ensure students' wellbeing. Support from parents and carers is first class and, with this, we present a coherent and united approach to achieving excellence for all.

“ Heckmondwike Grammar is a friendly and welcoming school. It is an exciting place in which to learn. ”
- OFSTED, 2022

All our teaching staff are graduates and specialists in the subjects they teach. Many staff have been at the school a long time and are hugely experienced in teaching very able, aspirant grammar school students from Year 7 up to the highest standards of A level. These staff are the perfect foil for staff who are in their first few years of teaching, who are exceptionally enthusiastic and creative in the career they love. A significant proportion of staff work for exam boards, which is a measure of the high regard in which they are held. Operational staff are superb in their dedication to the cause, providing a framework and environment from which all those at Heckmondwike Grammar School can flourish and thrive. Governors are inquisitive, challenging and very supportive, and provide the final piece of the jigsaw which, alongside the motto of 'Nil Sine Labore' – nothing without work – creates a very positive ethos that enables us all to perform to the highest possible standard.

Not only do we encourage independent learning amongst our students as part of this approach; we also demonstrate it practically ourselves as an organisation. We were one of the very first outstanding schools nationally to open as an Academy on 1st September 2010. We believe that the greater independence the status provides us with allows us to go even further in realising our aim of providing first-class, best practice education for all.

The success of Heckmondwike Grammar School can be illustrated in many ways: our exam outcomes at both GCSE and A level are consistently excellent; we have a plethora of extra-curricular activities centred around the House system; typically over 80% of our students continue into the Sixth Form; and of these, a similar proportion progress into high-calibre undergraduate courses. However, most importantly, we want all of the children who come to the school to enjoy their school days and, from this foundation, become thoughtful, articulate, confident and responsible members of society.

“ HGS is such a positive environment, there is an amazing sense of community and support. With so many clubs and activities to get stuck into around school I have found so many new interests and hobbies that are now a big part of my life.

- STUDENT

Our students and our staff are our strengths

Heckmondwike Grammar School is a unique school, with students who are eager to learn, keen to know more and want to enjoy their educational experiences. It is exceptional in many ways: a very diverse school community that produces results of the highest quality. We work effectively with young people, really care about them and their futures, and have an ultimate success measure of enabling them to progress to where they want to go. Excellent relationships between staff and students are the norm, expectations are high, and students perform very well as a consequence. Heckmondwike Grammar School has provided the best education for able students since 1898.

As we embrace the opportunities and challenges of the 21st century, we will continue to uphold the traditions, values and high expectations of an exceptional grammar school within an innovative, creative and progressive framework.

“ Leaders provide pupils with a huge range of experiences. These activities enrich and enhance pupils’ learning. They range from the Duke of Edinburgh’s Award to school productions. Clubs include such things as a dice game club, mindfulness, astronomy and ecopolitics clubs. Some pupils are proud to start and lead clubs themselves. This helps to develop their leadership skills. ”

- OFSTED 2022

“ Teachers are always so helpful, I can talk to them about anything and they are always willing to help. ”
- STUDENT

The school is very popular and heavily oversubscribed, with well over 1000 students applying for entry into Year 7 each year and over 600 applying to join the Sixth Form. With one of the largest comprehensive Sixth Forms in the country of approximately 450, there are great opportunities for staff to practise their craft to the highest level, while also gaining a wide experience of teaching different year groups and courses. The Sixth Form includes roughly an equal number of students who join us from other local schools, and consequently collaboration is very important to us. We work in partnership with an extensive group of schools and have a significant reputation both locally and nationally. This means we offer our staff opportunities to be involved in professional development on a larger scale and see it as a sign of our high quality when members of our community are promoted to posts elsewhere or progress internally. As a result, staff typically feel very privileged to work here and to work with our young people.

Misbehaviour is rare, and excellent relationships between staff and students are the norm: teachers are able to 'get on and teach'. Working here is still challenging, however, but in different ways: expectations are high, and potential applicants will need to be able to operate effectively in a top-performing environment. However, one of the principal joys of working at this school is our eloquent and motivated students. Consequently, outcomes are amongst the very best in the country, and this is the result of able cohorts being provided with high-quality teaching that is supported by strong pastoral care for each student. The school is justifiably proud of the focus on academic attainment and knowledge of each individual that enables education to be tailored to every student's needs, but also prioritises the support it provides to enable any barriers to progress to be addressed. The focus is, and will always remain, teaching and learning in the classroom, with staff training and development being the main means of achieving this end.

Working hard and playing hard via an extensive extra-curricular programme based on the House system that enriches and extends the curriculum, encouraging students to explore and develop their personal interests and skills.

Working in close partnership with parents and members of the wider community to provide the best possible education for our students.
